

Draw a Rhyme Snowman!

When you draw a snowman it is said,

You should draw a circle head

Now let's make him tall

Add another big snowball

Our snowman is happy and never cries

So let's draw him some nice eyes

Across the snow the cold wind blows

Now draw him a carrot nose

Our snowman has been cold a while

But that doesn't stop him from having a big smile

In the winter he never hides

So draw some sticks in his sides

What do we need right on top

A hat that will not flop

You might have more ideas for your snowman

So add to it all the details you can!
